

Monkeypox, Meningitis and COVID-19 Updated June 16, 2022

It's June, and that means Pride celebrations, Street Fairs, vacation-time, and other fun summer activities. As we all look forward to a summer of enjoyable re-connection, we want to keep you informed of what's happening on important public health topics.

You're likely aware the first probable case of monkeypox has been identified in a SF resident. Here is the **June 3 press release** on **sf.gov**: <https://sf.gov/news/first-probable-case-monkeypox-identified-sf-resident>.

- The **San Francisco Department of Public Health** issued an **updated Health Advisory**, linked here: <https://www.sfcddp.org/wp-content/uploads/2022/06/Health-Advisory-Monkeypox-Cases-in-San-Francisco-SFDPH-FINAL-06.14.2022.pdf>. Update to the prior advisory dated 5/23/2022.
- The **CDC** issued this **guidance** *Social Gatherings, Safer Sex, and Monkeypox*, linked here: <https://www.cdc.gov/poxvirus/monkeypox/sexualhealth/social.html>.
Download PDF: https://www.cdc.gov/poxvirus/monkeypox/pdf/MPX_Social_Gatherings_Safer_Sex-508.pdf

Also, last month the State of Florida reported a recent outbreak of meningitis involving men who have sex with men.

- The **San Francisco Department of Public Health** issued a **Health Advisory** with recommendations for SF clinicians, linked here: <https://www.sfcddp.org/wp-content/uploads/2022/05/Advisory-MenACWY-MSM-FINAL-2022.05.18-1.pdf>

We will also continue to post updates on COVID-19 and special considerations regarding COVID-19 for people living with HIV. Please check the website often - <https://gettingtozerosf.org/>.

- Visit the **City & County of San Francisco's Coronavirus (COVID-19) website** here - sf.org – for news and links to services and resources.
